

Permission Form
Y12/13 Physics Field Trip to Rainbow's End 2024

15 August 2024

Dear Parent / Guardian,

Our Year 12 and 13 Physics classes have been given the wonderful opportunity to spend a full day at Rainbow's End Theme Park in Manukau City Centre.

We will have the opportunity to see how the laws of physics are used in real life – and have plenty of fun on the rides as well. While at Rainbow's End, students have the option of gathering information to complete the internal assessment 2.2/3.2 by investigating one of the rides. Please note that students can also complete this internal assessment at no cost by alternative means.

This trip is optional. Participation will cost \$55 per student and will be invoiced via the KAMAR Parent Portal.

Date: Friday 27 September
Cost: \$55
Arrive: 9:45 am at Rainbow's End
Depart: 2:30 pm from Rainbow's End
Transport: Students should arrange their own transport to and from Rainbow's End as per the times above. We will have limited spaces available on school transport. Students are reminded not to break the law by travelling with a restricted driver.

Students will need to come in mufti and bring a personal packed lunch (external commercial foods such as McDonalds, Subway etc. are no longer permitted by Rainbow's End, neither are large food containers). There is a variety of dining options on-site if students wish to purchase.

Places are limited by required staffing levels, so please complete the online form below to give permission for your child to attend no later than **Friday 6 September**.

Payment is also due by this date.
